

REMARKS

1. Applicant has appended hereto proposed new formal drawings. New Fig. 6 includes elements 12a and 12b to show the multiple layer structure as described beginning at page 6, line 6 and continuing through page 7, line 12.

2. Applicant has amended the claims to address the objections of the Examiner and the §112 rejections of the claims.

3. Applicant has amended claim 1 to include the limitations of claim 7. The Examiner has indicated that claims 7-10 contain allowable material.

4. Applicant has amended claim 11 to address the §112 rejections thereof. The Examiner has indicated that claims 11-19 contain allowable material.

In light of the above amendments and remarks, Applicant now asserts that all of the grounds for rejection have been traversed or overcome by amendment, and that all of the present claims are in condition for immediate allowance. Applicant therefore requests reconsideration of the objections and rejections, and solicits allowance of the present claims at an early date.

Thank you for your consideration.

Respectfully submitted,
